

Maria
 Ann Green Gr. Girl in Little Moore Academy went home Feb 27 1771
 She was born at Chabroft in the Parish of Ellmunsbury
 August 9 12 1755. She has remarked the following,
 Concerning her self,

In my Childrens years, my mother took me to the
 Childrens Meetings, where thro my inattention, I got not
 much impresson, but remain'd without any feeling of
 my heart, and unknown to my Parents I was unhappily
 Seduc'd into all that was bad & hurtfull to me,
 Our Sav^r at the same time knew his intention with me,
 and by means of a Visit at William Stringers, where I
 met with Siff Henderson, I got a desire, to live with
 the Siff^r & coming to full week with my Br, increas'd
 this my Desire, so that I could no longer be satisfi'd
 at home. My repeated Request was soon granted me,
 and on the 29 of Jan 1768 I mov'd from my Parents,
 to the Little Moor Academy, Thru far Our Sav^r Just^r

Here she was Quite at Home, & settled from the 1st Day
 and Conducted herself as a still Orderly & good Child,
 She soon got a longing after Holy Baptism, and often
 express'd herself in those words Concerning it, tis so
 in my Breast. I cannot Quite rest, till Our Sav^r
 Can bestow this Blessing upon me, this grace she
 Obtain'd Nov^r 13 1768 to her great Joy, which prov'd
 the happy entrance to a Bless'd Period of grace,
 wherein she learn'd to know herself and her Reflection
 of her former Course, shed many thousand tears,
 till Our Sav^r gave her ^{the} grace, to open her mind to her
 Labour's, which prov'd and abiding Blessing to her,
 She was soon after admitted as Candidata for the Holy Commⁿ

and enjoy'd this highest good, Feb^y 24 1790
it was soon perceptible in her, that Our Sav^r
had an Extraordinary intencion with her, which
appear'd by her simple Confidence in him,
notwithstanding the Sencibility of her own Poverty
about which she often expross'd herself with tears
as the poorest & meanest of all yet Enjoying
a Clearness with Our Sav^r beyond what was Common
for her years, so that when ~~at any time~~ any thing
painfull occur'd, in her Course, it was soon over
again, she could give it up to Our Sav^r & go on
her Usual Course, Jan^y 29 1790 she began to be
sickly, it was thought & hop'd that she would soon
be better again, but Our Sav^r had compleat'd
his work with her, & she was Quite resign'd to
his will which she gave the lift to under
stand tho, she was not Quite Clear she shou'd
go so soon But on Feb^y 25 between 12 & 1 in Morning
she unexpectedly went over in to the arms of
her belov'd, with the Blessing of her Choir
During an inexpressible feeling of the near
Prossence & Peace Of God
